The **Australian Ceramics** Association

The Art of Photographing Ceramics 2 – The Detail

A one-day workshop with Caterina Pacialeo

Location: to be confirmed (Zetland or Newtown)

Sunday, 5 September, 2010; 10am - 5pm

Workshop Outline: This studio-based workshop will assist participants in developing practical and technical abilities for photographing their ceramics. The resulting documentation could be used for applications for awards, portfolios, editorials etc. The workshop will focus on the basic digital camera functions, the use of advanced artificial lighting and daylight photographic techniques, composition and a brief overview of how to prepare and present your images for digital or print out comes.

Tutor information: Caterina Pacialeo is a Sydney-based, Australian artist who graduated with a Master of Art in Photomedia from the College of Fine Art, University of NSW in 2008. Caterina is currently teaching photography at St George and Meadowbank TAFE. Caterina also teaches short courses in "Photographing your Art Work", along with her photographic art practice.
